

Current production status affected by COVID-19 (Second Report)

Current production status of our group subsidiaries are stated below. The status of Malaysia was updated.

- Japan

Almost normally operating

- Korea

Almost normally operating

- China

Almost normally operating

- Malaysia (as of May 11)

Malaysian government extended the conditional movement control order to June 9, 2020.

With permission to start production activity from the authorities, we have partially restarted our operation. We are going to adjust to resume full operation.

- Indonesia

Almost normally operating

We have been taking some preventive measures including temperature measurement, using alcohol-based hand sanitizer, wearing a mask, hand washing, gargling, prohibition of business trip and self-restraint of going out. We are continuously trying to ensure health and safety of our customers, stakeholders and employees, and prevent the spread of covid-19.
