 In case of consideration for using Automotive equipment / device which demand high reliability, kindly contact our sales window correspondents.

Notes

- 1 The upper row dimension shows when the lock open out.
- 2 The dimensions in parentheses are for reference.
- 3 Once a connector is harnessed, the connector shall not be re-harnessed to a different cable. Protectors and clamps shall also not be re-used once used in assembly. When repair is needed, please replace the connector as well as all connector parts.
- 4 Re-using connector and connector parts may cause continuity failure due to contact deformation / breakage, lock part destruction, etc.
