The figure consists of two parts. The top part is a horizontal timeline with two points labeled 'Pretest' and 'Posttest'. The bottom part is a schematic of the experimental design, showing a 'Pretest' and 'Posttest' section. Below this section, there are two groups: 'Control' and 'Experimental'. The 'Control' group is represented by a single vertical line, and the 'Experimental' group is represented by a horizontal line with a vertical line at the end.
