

21st October, 2019

Dear Sirs,

HIROSE ELECTIRC CO., LTD.
President and Representative Director, Kazunori Ishii
Director, Administration Group, Hiroshi Fukumoto

Impacts of Typhoon Hagibis (Third Report)

We inform about impacts of Typhoon Hagibis as follows.

1. Employees Safety

There were not any injuries for all of our group employees.

2. Impacts on Production Activities

(1) Our Group Production Subsidiaries

KORIYAMA HIROSE ELECTRIC CO., LTD.

Production Items: Multi-Pin Connectors

Damage: A part of the factory was flooded by Abukuma River.

Production Status: Most of the production items have already been produced and shipped.

We are trying to make a full recovery from the damages of Typhoon Hagibis. A part of the production items are produced by our different subsidiaries and our cooperative companies. As we told in Second Report, TOHOKU HIROSE ELECTRIC CO., LTD. and ICHINOSEKI HIROSE ELECTRIC CO., LTD. are producing the production items as usual.

(2) Cooperative Companies

Some of our cooperative companies got damages but the main production activities of them have already been started without any problems.

3. Impacts of Damage

We only got the minor impacts from the damages. We will inform if the big impacts happen.
