Features

1. Simplified mating operations
   - To mate the connector, simply push it onto the receptacle. To unmate, rotate the locking collar and pull the plug back from the receptacle. (Fig. 1)
   - Simplified mating is enabled by the alignment markings
   - Mating guide keys are provided at 3 points to prevent contact damage. They also provide the ability to blind mate these connectors when needed. Plug connector does not damage the receptacle contacts.

2. Waterproof structure
   - Supports IP67 and IP68 ratings while in the mated condition. (Ratings explained below*)
     *IP67: Submerged in 1 m for 30 minutes
     *IP68: Submerged in 2 m for 14 days

3. Adjustable cable direction
   - The right angle plug can be adjusted to mount in any of the 8 different directions (adjustable in 45° increments). (Fig. 2)

4. Variations available

## Product Number Structure

Refer to the chart below when determining the product specifications from the product number. Please select from the product numbers listed in this catalog when placing orders.

### Plug

- **HR08D 12 WP A - 10 S (**)**
  - Model Name : HR08D series
  - Shell Size : Diameter (mm) of the mating interface of the plug
  - Shell Type : WP : Straight plug, WLP : Right angle plug
  - Cord Tube and Cable Range Type
    - A : Material of cord tube : Metal, with cable dia. range of (Ø 5.7 to 6.5)
    - B : Material of cord tube : Metal, with cable dia. range of (Ø 6.5 to 7.3)
    - M : Material of cord tube : Plastic, with cable dia. range of (Ø 5.7 to 6.5)
    - N : Material of cord tube : Plastic, with cable dia. range of (Ø 6.5 to 7.3)
    - K : Material of cord tube : Metal, with cable dia. range of (Ø 8.0 to 9.0)
  - Number of Contacts : Contacts available (2 or 10)
  - Contact Shape
    - S : Female contact for solder termination
    - SC : Female contact for crimping termination
  - Other specifications :
    - A two-digit character is added to indicate other specifications as needed.

### Receptacle

- **HR08D 12 WR - 10 P (**)**
  - Model Name : HR08D series
  - Shell Type : WR : Receptacle
  - Number of Contacts : Contacts available (10 only)
  - Contact Shape P : Male contact for solder termination
  - Other specifications :
    - A two-digit character is added to indicate other specifications as needed.

### Crimp contact

- **HR34B - SC1 - 2 1 1**
  - Model Name : HR34B series (Shares the same contacts as the HR34B series)
  - Contact Type SC1 : Female contact
  - Contact Shape 1 : Single contact 2 : Reel contact
  - Barrel Shape : 1 : 20 to 25 AWG
  - Plating Type 1 : Gold plating
**Straight plug**

- Regular version (Cord tube material: Plastic)

- **Solder termination version**

Operating Precautions

1. Prior to inserting or extracting this connector, make sure that the connector is not energized and the power is in the OFF position.
2. There may be some resistance when inserting the cables into this connector, even if the cables are within the applicable cable range. This is to be expected due to the connector’s waterproof ability. The waterproof performance and clamp force is dependant on the cable specification. Please check the cable specifications before using as they can cause a difference in performance in the waterproof protection and cable clamp force.
3. Please contact your local Hirose Sales Representative for any inquiries regarding the assembly procedures of this connector.
